Overview:

Do you want to join one of the fastest-growing AI startups in the world?

At CENTURY Tech, we use AI, neuroscience and learning science to create the world's most advanced learning technologies. Our tools personalise learning to every student and empower teachers and organisations with rich data insights. We work with leading schools, Ministries of Education, universities and companies across the world.

As demand for high-quality edtech increases, we're now looking for an outstanding English Curriculum Specialist to create original, engaging content for our learning platform within the curriculum team.

This role also includes demonstrating the platform to prospective schools or partners and delivering training on how best to use CENTURY to support teachers and learners across various contexts.

Founded by entrepreneur Priya Lakhani OBE in 2013, CENTURY's mission is to use technology to remove roadblocks to learning so that every student can succeed. We're a close-knit team of 80 people united by a mission to use technology to improve the world. We're powered by a strong startup culture and backed by long-term investors aligned with our goals.

Our team has won the MIT Solve, CogX Innovation Award, EdTechXGlobal Award, GESS Award, AI Award and many more. We've also been named Economic Disruptor of the Year by the Spectator and were recognised by UNESCO as a finalist in its ICT in Education Prize.
